

HARBORFEST LAST MINUTE ITEMS

**DO NOT ASK FOR YOUR SPOT
TO BE CHANGED! ALL
SPACES ASSIGNED ARE
FINAL!!!!**

GARBAGE

Enclosed please find a bag for your trash. At the end of the day please deposit the bag (any other trash you may have) in a proper receptacle. There are trash cans on the street and a dumpster located on the Town Dock. If the receptacles are full, then you can leave your trash by your space on the side walk or take your trash with you when you leave.

SET UP

Please drive near your location and unload your booth materials and product. After you have unloaded, drive to the nearest designated parking area and park. Parking is available on a first come, first serve basis.

BREAK DOWN

HarborFest ends at 5:00 pm. Pack up all of your items before going to get your vehicle. Only move your vehicle to your spot when you are ready to pack it and not any sooner. If you do so, the police or a HarborFest Official will ask you to move your vehicle until you are ready to pack it up. This is to keep the area as uncongested as possible. Do not attempt to move your vehicle into the area closed to traffic until the Port Washington Police advise you that it is safe to do so....you may be ticketed if you do. Your cooperation in this matter is crucial.

NEXT YEAR

Assuming all goes well this year, applications for HarborFest will be sent to previous vendors in advance of a general mailing. Please read the application carefully and follow all the instructions including deadline date to retain the same space. If you miss the deadline, your space can be given to the next applicant.

THANKS FOR YOUR COOPERATION.
AND HAVE A GREAT AND PROFITABLE DAY!
